4. Look of the Home page after submitting the Report:

The screenshot shows a web browser window with the URL <https://projectdailyreport.com>. The page has a navigation bar with links: Project, Daily Report, **Home Page**, and Create Reports. Below the navigation bar, there is a button labeled "Employee's Status Report". A message box states: "This page shows the list of last ten entered reports". Below this, there are four input fields: "Enter Name", "Find by Name", "Enter project title", and "Find by Project". A large text box displays the following report details:

Report created by : **Linda** Created date: **10/23/2018**
Project name: **Standardization**
Completed tasks: **Standardizing budget**
Tasks in progress: **Standardizing forms**
Obstacles: **Became involved in other project**
Estimated Projected Date: **12/31/2018**
Next Task: **Standardizing uniforms**

A callout box on the right side of the page contains the text: "Look of Home Page after submitting the new report".

5. Look of the Create Report Page after data validation error:

All the fields are required except for the obstacles filed, if you don't enter data in the required fields shown with * you will get data validation error and doesn't let you to save

ProjectDailyReport Home Page **Create Report**

Enter your project daily report

Next Task: **Identifying Missing Items**

7. Look of the home page after searching by the reporter name:

The screenshot shows a web browser window with the address bar displaying `https://projectdailyreport.com`. The page has a navigation bar with three tabs: "Project", "Daily Reports", and "Home Page" (which is active). To the right of the tabs is a link labeled "Create Reports".

Below the navigation bar, there is a section titled "Employee's Status Report". Underneath this title is a message box that says "This page shows the list of last ten entered reports".

Below the message box, there are four input fields and two buttons. The first input field is labeled "Enter Name" and is followed by a button labeled "Find by Name". The second input field is labeled "Enter project title" and is followed by a button labeled "Find by Project".

Below the input fields, there is a large text box containing the following information:

Report created by : **Deven** Created date: **10/22/2018**
Project name: **Item Tracking**
Completed tasks: **Input Tracking**
Tasks in progress: **Output Tracking**
Obstacles: **Lack of budget**
Estimated Projected Date: **12/31/2018**
Next Task: **Identifying Missing Items**

On the right side of the page, there is a callout box with the text: "Look of the home page after searching by the ReporterName- The reports become filtered by Deven's name".

9. Look of the home page after searching by project name:

The screenshot shows a web browser window with the URL <https://projectdailyreport.com>. The browser's title bar is labeled "Title". The page has a navigation bar with links: "Project", "Daily Report", "Home Page", and "Create Reports". The "Home Page" link is highlighted. Below the navigation bar, there is a section titled "Employee's Status Report". A message box states: "This page shows the list of last ten entered reports". Below this message, there are three buttons: "Enter Name", "Find by Name", and "Find by Project". The "Find by Project" button is highlighted. Below the buttons, there is a large text box containing the following information:

Report created by : **Linda** Created date: **10/23/2018**
Project name: **Standardization**
Completed tasks: **Standardizing budget**
Tasks in progress: **Standardizing forms**
Obstacles: **Became involved in other project**
Estimated Projected Date: **12/31/2018**
Next Task: **Standardizing uniforms**

A callout box on the right side of the page contains the text: "Look of Home Page after filtering reports by project name (standardization)".

10. Stretch feature (adding New User and New Project in the navigation bar)

The screenshot shows a web browser window with the URL <https://projectdailyreport.com>. The navigation bar includes links for Project, Daily Reports, Home Page, Create Reports, New User, and New Project. The main content area features a box titled "Employee's Status Report" with the text "This page shows the list of last ten entered reports". Below this are search filters: "Enter Name", "Find by Name", and "Find by Project". A detailed report is displayed, showing the following information:

- Report created by : **Linda** Created date: **10/23/2018**
- Project name: **Standardization**
- Completed tasks: **Standardizing budget**
- Tasks in progress: **Standardizing forms**
- Obstacles: **Became involved in other project**
- Estimated Projected Date: **12/31/2018**
- Next Task: **Standardizing uniforms**

A callout box on the right states: "Look of home by adding New User and New Project as stretch features".

11. Create User page(Stretch feature)

The screenshot shows a web browser window with the URL <https://projectdailyreport.com/newuser>. The navigation bar includes links for ProjectDailyReport, Home Page, Create Report, New User, and New Project. The main content area is titled "Enter new user" and contains a form with the following fields:

- First Name*** (Text input)
- Family Name*** (Text input)
- Department*** (Text input)
- Email*** (Text input)

A "Submit" button is located at the bottom of the form.
